Junior Journal

THEME: Nursery Rhymes
September 19, 2022

Many more nursery rhymes will be enjoyed and numbers **3** and **4** will be introduced this week.

This past week, we began evaluating the children. This is done three times a year. Progress reports will go home in November All of the students are adjusting to our program very nicely!

Mrs. Roxanne, Mrs. Rachael, Mrs. Amy and Mrs. Nicole

Language Arts: We will act out some of our favorite nursery rhymes, in particular *Five Little Ducks*. Our rhythm sticks will be used as we sing *Hickory, Dickory Dock.*

Concept: This week we will practice estimating distance using our footsteps! In class we will also complete activities involving our new numbers 3 and 4. At the science table, we will observe whether items sink or float in *Jack* and *Jill's* bucket of water. We will use an egg to demonstrate what happened when Humpty Dumpty fell from the wall.

Craft & Writing: Printing our new numbers will keep us busy this week, as well as counting the color items to go along with these numbers. Watch for some cute art projects to come home enhancing our nursery rhyme theme.

Motor: Motor time this week will include relay races and playground time. Students will strengthen their legs by jumping over a candlestick, just like Jack!

Student of the Week

Cole Jilek
Liam Mann
Charlotte Tiffy

Upcoming Events

October 10-Columbus Day, center closed.
