Earth Week

Thank you to everyone who attended our Parent's Night. We hope you enjoyed your time with your preschooler.

This week, we will learn what it means to "stay green."
Have a great week!
Ms. Paula, Mrs. Nahla, Mrs. Karen, Mrs. Rebecca and Mrs. Susan

Introduce
Story #12, "My Boat"
Fable: "The Greedy Fox"

Chick Update

We will be hatching baby chicks again this year in our classroom. The eggs should arrive on April 18 and will stay in the incubator for 21 days.

New Embryology Vocabulary

Candeling-shining a bright light through and egg.
Air Cell-a pocket of air on the large end of the egg to avoid in keeping moisture in the egg.
Yolk-the yellow mass that is the chick food before it hatches.

Language Arts: This week our fable is the Greedy Fox and we will learn about the effects our actions might have. We will also explore the different environmental problems our Earth has, as well as what we can do to fix them!
Concept: How can we help planet Earth stay green and healthy? We can start by using the 3 R's…*Reduce, Reuse, Recycle.* We will discover how trees, the oldest living thing on earth, enrich our lives in many ways. Lastly, we will begin our chick hatching experiment this week. How exciting!!
Craft & Writing: More letter review is coming our way this week. We will also work on papers reinforcing Earth Day. To brighten our day, the children will create beautiful cheery blossom trees and a beautiful dandelion flower and Earth Day project.
Motor: Let's exercise to keep our bodies in great shape! Garbage toss will help us keep in shape. We will reduce, reuse and recycle.

Reminders and Upcoming Events

- We still have availability in our programs for next year. Classes are starting to fill up. Register today!!
- Have you registered for our Summer Camp? The Activity Fee of $25.00 per child should accompany your forms.
- Vision & Hearing- Monday & Tuesday, April 24 & 25
- Our Spring Program is Saturday, June 3 at Noonan Academy. Invitations will be sent out at the end of the month.

STUDENT OF THE WEEK
