Language Arts: This week we will talk about large zoo animals. We will be making cameras, reading stories like *Giraffe Trouble?* and *Guess Who My Mommy Is*? We'll also play Animal Memory.

Concept: This week at the zoo we will be talking about our large animal friends. Your little animals will take turns playing "following the leader" as well as showing off some animal actions on our tumbling mat. The children will be using the sand table, and towards the end of the week we will spend some time reviewing the numbers 1 through 10.

Craft & Writing: The children will enjoy making zoo art such as animal faces. We will continue painting with different materials and exploring our fine motor skills with play doh.

Important Days:
March 10……**Happy Birthday Tia Gillespie!**
March 17……St. Patrick's Day party- wear your green!
