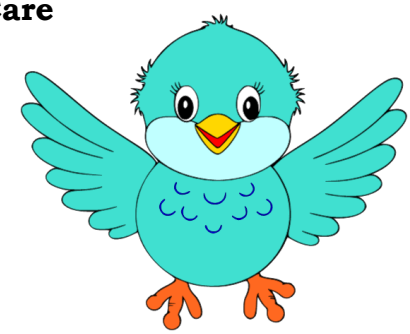
Bobbie Noonan Child Care
PreK Newsletter



Date: May 8 - 12
Theme: Birds
Introductions: None

Language: This week in Language we will focus more on review. We will review the letters, "Aa – Zz", reading words, sight words and expressive vocabulary and addresses. We will also talk about birds and learn some fun bird vocabulary. Story #14 will be introduced on Tuesday for our reading unit. Friday will be our usual, fun Reading Day.

Craft & Writing: This week we are going to practice ending sounds in words, in addition to beginning sounds. Further practice will also be spent on the clock and addition. We will make binoculars to go bird watching and an additional bird related craft to finish off our week.

Concept: Bird seriation is the new shelf activity this week. We will talk about a variety of birds found in our area and try to identify some by the end of the week. This week we will rote count to 100. We will also continue counting by two's to 20 and counting by ten's to 100. There will be more fun playing the telling time game and reviewing the Golden Beads. For science, we are journaling about the life cycle of a butterfly. We sure enjoyed watching and learning about our butterflies.

Motor: We will play duck, duck, goose, hop scotch, bowling and Bozo Buckets. There will also be lots of free play.

REMINDER: As an effort to keep our room as germ free as possible, PLEASE be sure to wash your child's hands when coming into school. Please remember to send your child to school in closed toe shoes to help prevent accidents on the playground. If your child is not a daycare student, we ask that you please do not bring your child in earlier than 8:45 a.m. **The VPK school day begins at 9:00 a.m. and children should be ready and seated to start class.** Thank you!
