BOBBIE NOONAN'S CHILD CARE—JOLIET
WEEK #36 4/16—4/20, 2018

EARTH & PLANT WEEK

Mrs. Lori & Mrs. Chrissy & Mrs. Colleen's Class

Mrs. Lori's Class: Aa—Ll

LANGUAGE: Our topic for this week is recycling and Earth. We will talk about ways to keep the Earth clean. Please bring in something from home to put in our recycle bin (newspaper, magazines, cans, etc.) for some recycling activities we have planned. There are new songs that we will learn and a puppet play activity. The children will get to do the Plant Part Pokey!

CONCEPT: We are going to do projects with recycling this week such as sorting garbage. We will go outside for Science and clean up the playground to help keep America, looking good!

We will continue with the unit on Embryology.

CRAFT AND WRITING: We will work on our name papers and tracing the letters and numbers. The boys and girls will work on their letter and number papers. Earth day projects will also be done!

PARENT NEWS AND HOMEWORK!

Please bring in things that you can recycle (aluminum cans, Styrofoam, paper, etc.). Any Earth related items are also welcomed.

MUSIC: The spring program for Mrs. Lori's class will be on May 30 at Joliet West High School. We will practice on Tuesday.

Parents Day will be held on Wednesday, April 25 at 5:30. We cannot wait for you to see your child shine!
