# BOBBIE NOONAN'S CHILD CARE

**WEEK #9 OCTOBER 12-16, 2020 FIREFIGHTERS**

We will learn all about firefighters and dialing 911 this week. The children will do a lot of role playing as they learn about what to do in case of a fire.

## INTRODUCING: 5 & 6, Musical Instruments

**LANGUAGE TIME:**

STOP! DROP! AND ROLL! We will role play what to do in case of a fire this week. We have flannel boards, puppets and many songs to learn. Please help us with our discussion by showing your children where smoke alarms are at home and where to meet in case your house catches on fire.

**CONCEPT TIME:** We will be busy, busy, busy, this week. The children have many new jobs to learn. They will learn patterning, button sorting and graphing. We will use the water table with shaving cream and squirt bottles to put out the fire. We will review weight and scale during science time.

**CRAFT AND WRITING TIME:**

The children will be doing some tracing and phonics papers. We have many fire coloring papers and safety papers to work on as well. We will also work on 5 and 6 and orange and black papers.

## OTHER IMPORTANT NEWS…

Full tuition is due this week on the first day that your child attends.

Never hesitate to call or email us with any questions or concerns.
