

Mrs. Lindsay's Kindergarten News

Theme: Dinosaurs

This week the Valentine's love bug will creep into our classroom and steal the show. We will talk a little more about the strongest muscle ever, our **Hearts**. The children will have fun getting their heart rates up this week while running, dancing and exercising. Valentine's Day is even better with a healthy heart.

Just around the corner we can hear the pounding of dinosaur feet. Yes, it is dinosaur week and again we are so excited. We have planned a dinosaur fossil hunt for this week, which sparks excitement in our inquisitive minds.

World Wall Words

down, little, love, next, pink, heart

Reminder

- **Parent/Teacher Conferences-** Monday, February 20. Center closed to Extended Day students.
- Have you registered for the summer camp yet? Spots are filling up!
- Don't forget to LIKE our banner on Facebook.
- Career Day-Friday, February 24.

Craft and Writing

We will continue to print on lined paper to perfect our penmanship. In our language workbook, we will work on blends and diagraphs. Dinosaur projects are definitely on the craft table this week.

Math/Science

We are on the road to progression and perfection in the numbers world. This week we will review subtraction, addition, money and place value.

Guided Reading

The children are very happy about their reading accomplishments.

Social Studies

In Social Studies, we will work on directional words and maps.
