Theme: Ocean

Language:

We will continue our theme of Ocean for one more week. We will discuss which creatures can breathe underwater and which breathe air like we do. We will play riddle games, think links and AB"Seas" fishing. The boy and the hazelnuts fable will be introduced and explained with the moral being "Do not try to take too much at one time". We will review all of our manners and practice music and rhythm with rhythm sticks. As always we will continue to work on our letter recognition, phonics, rhyming words, sight words and our reading stories.

Concept:

This week in concept we will continue to practice number recognition, our number line and rote counting 1-30. We will incorporate our theme of ocean by playing "what doesn't belong" and creating fun activities with different ocean animals! We will have fun with science making molds by mixing sand and water together. The children will use their senses to utilize the tactile box as well as taking the time to play with the ocean animals in the water table and to finish off the week they will spend time with the concept bins.

Craft and Writing:

This week in craft & writing we are going to be working on many skills like holding a pencil, tracing our names, letter, number and shapes. We are also going to be practicing our cutting skills and making some fun ocean crafts. Don't forget to wear green on Friday and look for our Leprechaun!

Motor:

This week in motor we will be learning a new game, whale or shark and also trap crabs in a cage! We will work on teamwork skills and being a good sport. We will also practice balance by "walking the plank" and utilize the rocking boat. As always we will continue to go over our school and playground rules for everyone's safety!

Notes and Reminders:

Every Wednesday is Show and Tell- Ocean theme.
Happy St. Patrick's Day! Wear something green on Friday!
