

Pre-K Press

Weeks 38 & 39 May 1st-5th & May 8th-12th, 2017
Theme: Insects and Gardens

Language Arts:

We will review all of our stories in the next couple of weeks. We will also talk about what we can plant in our gardens and what kinds of insects are helpful for our gardens and which ones are not. The children will enjoy a few different flannel board stories and songs about insects and gardening.

Motor:

The children will be bouncing on the trampoline, using the ball and wand and playing with the parachute outside if the weather stays nice.

Concept

The students will enjoy learning all about insects this week. There will be new shelf jobs about insects out for the children to work on. Weather permitting, we will also go on a bug hunt. We will continue working on counting by 2's, 5's, and 10's. Finishing out the year with our golden beads

and the 100s place. A pattern activity with flowers will start the second week. We will also do some lacing with flowers.

Craft and Writing:

We will review printing the letters Aa-Zz. The children will enjoy coloring an insect picture. We will also be working on a very special insect project. Mother's Day is just around the corner so the children will be putting the finishing touches on their special gift for mom!
