

Pre-K Press

Week 27 February 13th-17th, 2017

Theme: Reptiles and Amphibians

Language Arts:

Our discussion on reptiles and lizards begins this week. If you have any pictures of reptiles and lizards at home, please bring them in to share. Thanks! We will also be reading a few Valentine's books this week!

Motor:

We will be reviewing activities on our equipment and trying to get outside if we can. We will work on kicking a ball to a target.

Concept

We will begin the week discussing different reptiles, where they live and what they eat. Also, we will continue to work on the concept of place value. An estimation game will have the children guessing the number of objects in a jar ranging from 11-20.

Counting by 2's will be added to our daily routine. Also, we are still working on counting by 10's.

Craft and Writing:

The children will enjoy coloring pictures of reptiles. They will also have fun making a fun reptile project. Please remember to practice writing your child's name with them using upper and lower case letters. We will be having an art fair this year so the children have begun to work on the projects that will be displayed.
