## Language Arts:

During the next two weeks we will learn all about Springtime. To enhance our discussion, we will learn two new finger plays called "Raindrops" and "The Big Round Sun". We will listen to a few new flannel board stories called "It's Raining," "Rain, Rain" and "Spring Colors". We will also use our listening ears to follow along to our listening activity called "Wiggle". If you have any spring books your child would like to share, please bring them in.

## Concept

Doing a seriation activity dealing with small, medium and large raindrops will be a fun challenge. We will also do one to one correspondence where the children match birds to their nest. We will also be counting raindrops and put them under a cloud. The water table will also be opened so we can go fishing.

## Craft and Writing:

We will be celebrating Spring by using different media to create great art projects. We will also have time to do shaving cream and play dough.

## Motor:

During these two weeks we will use our stair steps, our parachute, and have a color and shape toss. We will be exercising and having a lot of outdoor play, weather permitting.
