Pre-K News

Theme: Transportation

Week 28

Feb. 20-24

Language Arts

The children in Ms. Jen's class will continue their discussion about transportation with the aide of stories, finger plays and pictures. An oral language activity called "What's wrong with the picture?" always keeps the children guessing. Continued practice of our reading stories will carry on throughout the week.

Motor

The children will continue to engage in activities dealing with traveling. To get in the traveling mood we will play transportation musical chairs.

Our new shapes, as well as old, will be reviewed. Our path activity will include hula-hoops, balance beam, the ball and wand and the tunnel.

Craft & Writing

The children will have a great time coloring and painting various review papers. To support our theme the children will drive hot wheels through shaving cream.

Concept

Theme oriented jobs and activities have been a hit in Mrs. Barb's room. The children will have fun doing a number puzzle train. A science activity is planned that will require the children to form a hypothesis. They will experiment with several items, investigating which items sink and which float. Please have your child bring in one item for sink and float. We will also be using our tactile bag.

Introductions

17 &18

Story #9 Weeping Willow

Words: Weeping Willow, am, an

Vocabulary: similar: alike, but not exactly the same.

timid: easily frightened, fearful
