

TO: Parents

RE: Inclement Weather and/or School Closings

In order to best serve our parents and children the following steps will be taken in case of inclement weather and/or school closings:

- School may be delayed, closed early or closed entirely.
- All attempts will be made to make our determination to close by 5:00 a.m. each day there is inclement weather.
- If a school is under mandatory evacuation order it will be closed. If the evacuation order is rescinded, check the school's voicemail as to our opening time.
- Make sure emergency phone numbers, cell phone numbers, work numbers, and emails are kept current.
- Information will be posted on [www.cancellations.com](http://www.cancellations.com). You may receive text messages and emails by registering on this website. This is for school cancellations only. See attached directions.
- Check your individual centers voicemail for daily updates.
- Tune into Wink News, NBC 2, and Fox 4 your local radio stations (please realize when there a lot of closings the stations may inadvertently leave out a location) You can also check websites: [www.nbc-2.com](http://www.nbc-2.com), [www.winknews.com](http://www.winknews.com), [www.fox4now.com](http://www.fox4now.com).
- If at all possible, Facebook postings may occur. Like our Facebook page. **If schools are closed email communication is not possible.**
- Parents are advised to exercise their own judgment regarding children. You may decide it is best to keep your child home or sign them out before the end of the school day.
- We do not necessarily follow public school closings since they have issues that we do not have.
- Any questions please call.
