RE: Inclement Weather and/or Emergency School Closings

In order to best serve our parents and children the following steps will be taken in case of inclement weather and/or school closings:

- School may be delayed, closed early or closed entirely.
- All attempts will be made to make our determination to close by 5:00 a.m. each day there is inclement weather.
- All locations may/ may not be closed at the same time.
- Information will also be posted on www.emergencyclosings.com. You may receive texts and email notifications by registering on these websites.
- Tune to radio station 720 a.m. (WGN) or WGN television (channel 9) for closures (please realize when there are a lot of closings the stations may inadvertently leave out a location).
- **Sign up for the Remind App to receive text messages/emails for ALL school happenings.**
- Make sure emergency phone numbers, cell phone numbers, work numbers, and emails are kept current.
- If at all possible, Facebook postings may occur. Like our Facebook page. If schools are closed and over the weekend email communication is not possible.
- Parents are advised to exercise their own judgment regarding children. You may decide it is best to keep your child home or sign them out before the end of the school day.
- We do not necessarily follow public school closings since they have issues that we do not have.
- Any questions do not hesitate to call us.
