Language Arts:

Calling all explorers! Welcome to the Junior room. Our class will be introduced to the letters A,a and B,b. We will also discuss our first two manners and we will become acquainted to our new teacher's and classmates. Let's say hello to Taffy Apple and enjoy learning welcome to school songs.

Craft and Writing:

Our explorers will be introduced to the colors red and blue as well as supplies such as pencils and scissors. We will work on tracing our names and practice using scissors to cut paper. Be on the lookout for art projects displayed on our wild about art wall.

My name is Ms. Katrina and I'm teaching language arts and craft and writing this school year. I have worked at Bobbie Noonan's since 2010. However, this is my first year teaching in the junior room. I am looking forward to an exciting school year and getting to know the children.

Motor:

Calling all explorers! The children will love a fun filled obstacle course in which our new numbers 1 and 2 will be featured! We will also use our school supplies in a challenge as well. As the weather continues to remain beautiful we will still spend most of our motor time outside.

Concept:

As we get acquainted with each other we will also get acquainted with our class time routines. We will graph the number of boys and girls in our class. Our new school supplies will be in our estimation jar, as well as weighed to see which are heaviest and lightest. We will also pattern with them and see which are missing in a memory game. Our senses will be heightened in our back to school sensory bin.

My name is Ms. Ashley and I have worked for Bobbie Noonan's since September, 2010. I love being an aunt and spending time with my nephew. I am entering my third year in the Master's Program at Lewis University for Early Childhood Education. I am looking forward to another joy filled year in the junior room!
