Theme: Snugglies
Introduce: Circle & Square
week of September 3

School closed Monday, September 3 in observance of Labor Day. Have a great weekend!

This week we'll be talking about snugglies. So we all get to bring in our favorite thing to cuddle with. It could be my favorite stuffed animal, baby doll or blanket. Just please put my name or initials on it so I'm sure to take it home with me!

Language: We will be looking at all kinds of different snugglies in our picture file and will review our puppet plays and flannel board stories from the past 2 weeks. Mrs. Katelyn and Miss Rachel will be bringing their favorite snuggly to help teach us a new finger play.

I Have a Snuggly

I have a snuggly, you have a snuggly
We all have snugglies, so let's be friends.
Hug your snuggly, kiss your snuggly
Now hug your snuggly one again!

Motor: Get ready for a great week in motor. This week we will get to crawl through the long tunnel. We will be learning to practice good patience skills while we each wait for our turn. This week we'll also be playing a bowling game to introduce our two new shapes circle and square. We will also get to tumble with our snugglies on the mat.

Concept: The more we get together, the happier we'll be! Bring your favorite snuggle to concept class this week where we will be learning our 1st pre-math concept; big vs. little. We will start by sorting the same color blocks into big and little piles. Later in the week we will make it a little harder by sorting through a bunch of different big and little objects like rocks, pieces of paper and even our snugglies!

Art: We will have a blast in art this week! We will glue brown fuzzies on a picture of a teddy bear and paint Elmo and his favorite snugglies with water colors. We'll also mosaic a circle and square. Make room on the fridge for our terrific art work!
