

Two's News

March 25-29 Week 32 Topic: Spring

Bits of Intelligence: Flowers

Language Arts: We are so excited to welcome Spring! Many songs and books will help us prepare for the changing season. Mrs. Christine will have a new Spring picture file, which features various Spring photos that we will discuss as a class.

Concept : With Springtime approaching, we will talk about how warmer spring weather will melt the snow away. Soon we will be able to see green grass! One class activity will have the children counting the leaves on a tree. Sensory play is on the agenda as the children work on pouring and scooping.

Craft and Writing: At the beginning of the week, Mrs. Nicole will discuss the many changes we expect to see with springtime weather. To coincide, the children will welcome Spring with fluffy clouds and raindrops. We will be awaiting warmer weather as we make a sun!

Motor: Now that the snow is melting away, we hope to get our little running feet outdoors again. We will celebrate the arrival of our new season as we dance around waving colorful scarves.

Spring Pictures: April 2nd
Parent's Day – April 6th @ 9:30am
