

# Toddler Times

Jan. 11-15

Introduce: Triangle

Theme: Arctic Animals

**Book of the Week:** Polar Bear, Polar Bear, What do you Hear?  
**By :** Eric Carle

This week we'll have fun learning about different kinds of arctic animals such as penguins, polar bears, seals, narwhals and more. For Language class the children will look at various theme related library books as well as enjoy flannel board stories such as "Five Little Polar Bears". Our arctic songs include "Baby Beluga", "I'm a Little Penguin" and "Polar Bear, Polar Bear Turn Around".

Art class will keep our fine motor skills working as we use various mediums to create a snowy owl, a polar bear and animal tracks in the snow. We'll keep our bodies moving for gross motor as we dance to music and create animal movements. The children will love doing the iceberg hop again, that was a favorite activity during our winter weeks. For this week's active review, we will feed our arctic animals colorful fish as we sing the "Slippery Fish" song.
