

Junior Journal

Theme: Plants

April 26, 2021

This week our discussions will center on flowers, trees, and gardens. Our introductions will include two shapes, star and pentagon.

HAPPY BIRTHDAY!

Amelia Farrell 4/27

Language Arts: Finger plays and body plays will center on trees and flowers. Our "Bit Cards" and picture file will help us learn some interesting facts about many different flowers. Our listening skills will be tested as we repeat sounds and words that we hear in the A is for Amos song. The flannel board stories "There was a Hole" and "The Green Grass Grew All Around" will be shared.

Concept: This week, we will discuss the various parts of a plant, and observe how a flower changes color in a special science experiment. We will also be voting for our favorite plants, and talking about how plants help us!

Craft & Writing: We will be working on how to trace our new shapes and also practicing our printing skills. We will create art projects that have to do with plants and how they grow.

Motor: We will pretend to grow like a flower, sway like a tree, and slither like a vine to enhance our theme of "Plants." We will also complete an obstacle course to work our muscles.

Important Info

Hearing & Vision-April 26 & 27. Don't forget to return your form.

Spring Show-Tuesday, May 25. More info to follow.
