

Two's News

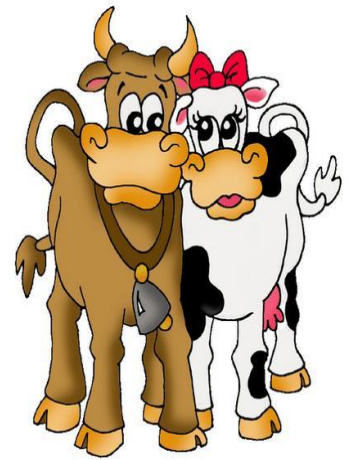

Week 37 April 26-30 Topic: The Farm

Bits of Intelligence: Sea Creatures

Introductions: Hh

Vocabulary: Hilarious-very, very funny

Concept: Ms. Sam is so excited to have one more week of farm fun. The children love sorting the animals into categories such as big/small and mama/baby. Farm toy play and exploration will continue in the block area. Ms. Sam has a fun color review game where the children match the pigs' curly tail to the matching color behind. We will also review numbers using an apple picking game.

Craft and Writing:

We will keep our little farmers busy this week. The children will have some sensory fun while making a "muddy" pig. We will also have fun using Lego's stamp paint onto corn. We will end the week with a surprise chicken - BAACAWW!!!!

Language Arts:

"Five Little Ducks" and "Five Muddy Pigs" are just two of the flannel board stories Ms. Sara will introduce this week. Farm toys will be used as the children sing along to their favorites "Old MacDonld and many other farm songs.

Motor:

The teachers will get the children movin' and groovin' to our morning dances. We hope Mr. Sun comes out soon so we can play outdoors.

Teacher Appreciation Week

May 3-7
