**Theme:**  
Camping

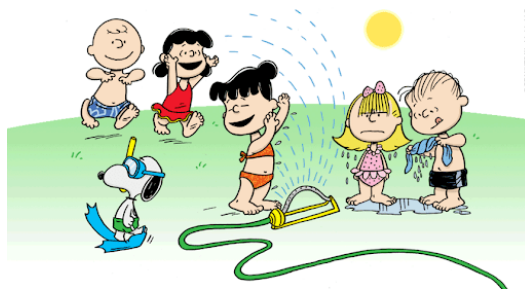

Camping will be our theme that we will learning about this week. We will also have many fun camping activities planned for this week!

**Monday: Science**  
**Dancing Worm**

Let's have fun watching our worms dance! To make our worms dance we will be using baking soda, gummy worms and vinegar. Once one of these ingredients is added, the worms should start to dance. Which ingredient do you think will make the worms dance?

**Tuesday: Technology**  
**Telephone with Cups**

Today we will be playing cup telephone! To do this all we need is 2 cups and a string. We will begin our game by saying a mystery camping word in one end, by the end we will see if we have the same mystery camping word or if it has changed.

Today is Mrs. Jen's and Mrs. Nina's sprinkler day!  
Please wear your bathing suit to school under your clothes and apply sun screen to your child before you arrive to school. You will need a towel, underwear and water shoes (optional).

**Wednesday: Engineering**  
**Building Tents**

Let's see how creative we can get with building our own tents! To build our tents we will use only 2 items. The 2 items are tooth picks and mini marshmallows. Who will have the most fun building their mini marshmallow tents? Due to the nutrition policy the kiddos will not be able to eat any of the marshmallows.

**Thursday: Art**  
**Bugs in a Jar**

Today we will be making our very own bugs in a jar. To do this we will use our thumbprint to create the bugs that are on our jar. Once they dry we will add some finishing touches.

**Friday: Math**  
**Roll the Dice Game (adding)**

For today the math activity we will play roll the dice game! To play this game, the kiddos will roll 2 dice and then count them. Once they count their dice, they will add 3 to that number and use a bingo dobber to dot the number if they have it on their camping paper.

Have a great week!
