

Junior Journal

On the Road Again
August 2nd -6th

Ms. Yasmin & Ms. Ruby

Concept

Get your hard hats on as we build our way through learning! Sorting between vehicles and tools will be a fun challenge. Building shapes from popsicle sticks and houses from blocks will give us a chance to be creative!

A Peek at Our Week

- Monday 8/2- Kenny the Clown & Snack Creation
- Tuesday 8/3- Water Day
- Wednesday 8/4- Water Day
- Thursday 8/5- Game Day
- Friday 8/6- Last day of summer camp!

Language Arts

This week we will learn about many types of cars, trucks and the types of machines used to build and fix things. Our featured books are "Goodnight, Goodnight Construction Site", "Dazzling Diggers", and "Good Morning Digger".

Art

Our class will be hard at work as we create some cool crafts. We will also sponge paint and use other mediums to create works of art.

Motor

Get ready to move about as we spin, dig, stomp, and tip just like construction vehicles. Water fun and game day activities will be loads of fun as well.
