Our theme for the next two weeks is Space. We'll be going on a moon rock hunt and tossing rings around planets. We'll be creating aliens, rockets, and planets. Our STEAM projects are making moon prints, moon sand, and galaxy slime. We'll explore constellations with flashlights and make telescopes. In Language we'll read *Mousetronaut* and sing 5 Little Aliens Jumping On The Moon.

Five Little Astronauts

Five little astronauts, sitting on the stars
The first one said "Let's go to Mars!"
The second one said "There's a spaceship in the air"
The third one said "But we don't care!"
The fourth one said "Let's fly up to the sky"
The fifth one said "Let's fly, fly, fly!"
Then whoosh went the spaceship into the night
And the five little astronauts zoomed out of sight
