

Kindergarten Knowledge

Weeks 37, 38, 39 & 40 May 2nd-May 27th, 2022

Theme: Spring, Insects, & Review

Language Arts:

This week we will work on nouns and adjectives. Sentence printing, contractions, and digraphs will be reviewed.

Math:

Money, time, missing numbers and fractions, will be out math activities this week. The boys and girls will have fun using a ruler as we measure things around the room.

Science

The boys and girls will learn about a butterfly's life by sequencing pictures of an egg, caterpillar, chrysalis and butterfly. We will also be observing real live caterpillars!

Assessment:

Kindergarten assessment tests will be given the week of May 10th. Please make sure your child has a good night sleep, as well as a good breakfast each day. Please refrain from referring to these assessments as "test". I will tell the children we are working on a special booklet for first grade. This seems to help them to relax and perform better on the assessment. It is very important that your child arrive on time for class this week. You will receive a copy of the results along with an explanation grading. Please contact me if you have any questions.
