Numbers- 18, 19, and 20

**Sight Words- boy, do, came, come, eat,
can, did, for, four, and fly**

***Happy Birthday to Margo C!
9/19/22***

Language Arts: Words will be made and sounded out as we introduce our word families, "op" and "it". I will be working on reading stories with each child. We will be reviewing letters A-T by printing and sounding out letters. I am very proud of every child's reading skills as we continue to work on our reading stories.

Craft and Writing: Fall is on the way and the boys and girls will enjoy making Fall crafts and reinforcing color words.

Concept/Science: We will be welcoming the First Day of Fall with a fun nature scavenger hunt!

Math: Introducing 18, 19, 20 this week and reviewing 1-10 patterns will be some of our math activities this week. The geometric shapes, cube, cylinder, cone, and sphere will be reviewed as we look for these around the classroom. We will continue to rote count to 100 and also by 5's and 10's.

Notes to Parents:

- Please remember not to bring in toys, stuffed animals, or jewelry to school as they become a distraction during class time.
- Please send your child in appropriate shoes for the playground!
