# Kindergarten Kaleidoscope

**Weeks 11 and 12: October 24th-28th and  
October 31st-November 4th, 2022**

**Theme: Safety & Halloween/Day and Night**

**Introductions:**

**Numbers- 18, 19, 20**

**Language Arts: We will be discussing "Stranger Danger" rules. We will continue working on memorizing our address and phone numbers. Students are doing great with their stories and sight words.**

**Social Studies/Science: We will be learning about night and day by doing activities to reinforce this topic. We will be learning the town and state that we live in. We will do an experiment with pumpkins, counting seeds, making it erupt, and measuring the pumpkin.**

**Math: We will also be printing the numbers 10-100. We will work on matching our number words to the correct numeral. We will begin to subitize numbers one through ten as well. Simple addition will be reinforced too this week.**

**Notes to Parents:**

- **Halloween Party and Trunk or Treat will be on Monday, October 31st!**
- **Please remember to check your child's folder everyday! We will be starting our fun projects and homework assignments.**
- **Please keep toys and accessories at home. This becomes a distraction for our class and we don't want these special items to get lost at school. Thank you for your cooperation!**
