Week 10

Theme: Pumpkins

Introductions: orange

Show-N-Share: This week we would love if you could bring in a pumpkin of any size for the class to learn and explore with.

Now that fall weather is in the air and Halloween is approaching we are going to explore the topic of pumpkins. We will learn new songs called "Roll That Pumpkin Down to Town" and "The Pumpkin on the Vine" and enjoy a storybook called Where is Baby's Pumpkin? The Five Little Pumpkins fingerplay will also be enjoyed.

Sensory play will provide a squishy new experience as we explore pumpkin guts. We will strengthen our fine motor skills with a glue bottle squeezing activity as we decorate pumpkins in a unique way for our classroom.

The color orange will be introduced and the children are going to love our new orange bin as well as finger painting with our new color. We will review all colors that have been introduced during morning circle time with our slippery fish shakers. Concepts of big and little will be featured as we sort our pumpkins by size.

Look Who's Turning Two!!!!

A very Happy Birthday to Owen Pentek on October 19th.
