**Manners 7 and 8**

**Star Students:**  
**Lincoln B. and Blake M.**

**Language Arts:** We all know a jolly old soul and his name is Santa Claus! Our class will have a jolly good time as we celebrate Christmas, discuss important family traditions, and discuss kindness for one another. We will focus on new flannel board stories and read books about the Christmas season. Our featured songs are, "I'm a Little Gingerbread", "Christmas Bells", and "The Reindeer Pokey". We will look closely at Christmas think links of families and Christmas traditions.

**Craft and Writing:** Our little artists will be busy preparing their Christmas presents to bring home! We are so excited to show you what we've been working on! We will also stay very focused on tracing our name papers and will be building a special name Christmas tree to take home. We will enjoy working on many exciting Christmas projects and papers throughout the next few weeks.

**Concept:** This week, we will have a fun Christmas tree and snowman activity! We will also be reviewing numbers we have learned by using ornaments. Sensory bins will be out to explore and are filled with exciting Christmas items! I wonder what you'll find!
