Nursery News

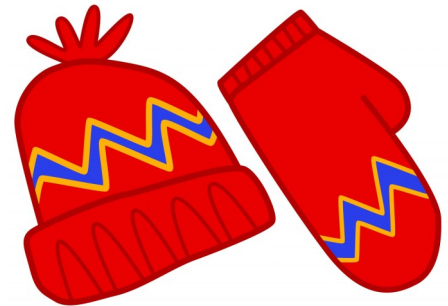

Weeks 21 and 22: January 2nd-6th and 9th-13th, 2023

Theme: Winter

Introductions: Cc

Review:

All that we have learned so far!

Language Arts: The children will learn about our new year, 2023! During the next two weeks, we will learn about the season of Winter. The children will learn new flannel board stories and songs about the season. Our featured flannel board stories are, "Five Little Snowflakes", "Dear Old Frosty", and "I'm a Little Snowman".

Craft and Writing: Winter is here! We will use different mediums to create special winter crafts. We will be making snowflakes during the week.

Concept: We will continue to review concepts learned with a winter theme. We will begin to practice our seriation skills by building a snowman and discussing winter changes! Exploring water play and continuing to practice our pouring skills will be a great challenge!

Motor: During the next two weeks, we will look for snowflakes in our tunnel and use snowballs in our parachute.

Notes to Parents:

- Welcome back and Happy New Year 2023! We hope you all enjoyed the holiday season!
- If your child wears snow boots to school, please make sure to bring an extra pair of gym shoes for them to change into in their backpack. Thank you!
- Please remember to bring your winter gear for playing outside. We require snow pants, boots, gloves, hats, mittens, and scarves for outdoor play! We do take the children out if it's 25 degrees or above. Thank you!
- Parents, please remember to label winter gear, extra clothes, blankets, and cot sheets.
- Please remember to check your child's backpack or folder to see if he/she needs anything to bring for school and please check backpacks often for important paperwork.
