**Craft and Writing:** We have some cute Valentine's Day projects on display, but we will be working on more over the next week. Our cutting skills will be put to the test over the next two weeks as we continue to practice these fine motor skills!

**Concept:** We will review all of our numbers that have been introduced so far this year. The tactile bag will have many new items inside of it. We will work on lacing and do some comparing and contrasting of different items. We will also make a graph about community jobs.

**Motor:** We will bring out the balance beam for some balancing fun and practice making baskets through a hoop.

**Notes to Parents:**

- **Parents, please remember to label winter gear, extra clothes, blankets, and cot sheets.**
- **Please remember to check your child's backpack or folder to see if he/she needs anything to bring for school and please check backpacks often for important paperwork.**
