# Positively Pre-K

**Weeks 29 and 30: February 27th-March 3rd and March 6th-10th, 2023**  
**Theme: Ocean Animals**  
**Review: Story #1-#5**  
**Bits of Intelligence: Musical Instruments**

**Language Arts:** We will introduce the children to many fish and other sea creatures. The children will enjoy listening to a few different ocean books. We will also be working very hard on our reading stories.

**Craft and Writing:** We will have lots of fun making some ocean animals for our crafts. Our readiness papers will help us review the letters, numbers, and shapes that we have learned so far.

**Concept:** This week we will play a game called, "What's Missing?" There will be several objects out in front of the group and one child will be called up at a time to participate. A child will be asked to close his/her eyes as their teacher takes one or two objects away. Each child will have a chance to guess which object was taken away. The children will continue to review the numbers 1-20 throughout the week. We will also work on doing simple addition.

**Motor:** The children will be playing a follow the directions game and doing an ocean obstacle course. Hopefully the weather will be getting nicer, we will be going outside more when possible!

## **Notes to Parents:**

- **If your child wears snow boots to school, please make sure to bring an extra pair of gym shoes for them to change into in their backpack. Thank you!**
- **Please remember to bring your winter gear for playing outside. We require snow pants, boots, gloves, hats, mittens, and scarves for outdoor play! We do take the children out if it's 25 degrees or above. Thank you!**
