Weeks 34 and 35: April 3rd-7th and 10th-14th, 2023

Theme: Plants and Seeds

Review-

Please practice spelling words every week. Thank you!

Language Arts: Students will continue to practice their printing and writing. Reading comprehension, blends, and diagraph worksheets will be worked on over the next two weeks as well. Students are going great with their guided reading books. We will talk about plant words and make our very own plant book.

Math: Students will begin non standard measurement, weight, and quarter hour.

Science: We will be discussing the parts of a plant over the next two weeks. We will plant a seed and watch it grow. Be on the lookout for it to come home!

Craft and Writing: The children will enjoy some art projects to go with our theme. Some will be displayed in the classroom and some will be sent home.
