Theme: Gardening/Bugs

Review:

All that we have learned so far!

**Happy Birthday: Deacon 4/20 & Lawson
4/23!**

Language Arts: Let's get ready to flutter into a fun filled week as we discover and learn about Gardening and Earth Day! Who is crawling around the garden? This week we will enjoy creating rhythms as we learn about bug sounds. We will use special instruments throughout the week to create music!

Craft and Writing: Buzz, buzz, buzz! Beautiful work is in progress! Our busy little bugs will enjoy working on special art projects for this theme. Our class will be creating fun caterpillars as well as creating other creepy crawlers.

Concept: Gardening and Bugs will be explored during our concept time. There are so many little bugs to learn about! When we are digging into our garden sensory bins, we will explore pretend plants and a variety of pretend bugs. We will also learn to sort bugs and match them.

Motor: The children will enjoy pretending to be creepy crawlers as they race through the tunnel and zig zag walk. We will continue to practice side to side jumping through an insect hula hoop! If weather permits, we will have a creepy crawlers scavenger hunt on our playground.
