**Weeks 39 and 40: May 8th-12th  
and 15th-19th, 2023**  
**Theme: Zoo Animals**

**Language Arts:** What is your favorite zoo animal? Over the next two weeks, we will enjoy some stories about the zoo. We will discuss what types of animals are at the zoo and how zoo keepers take care of them. We will also discuss what zoo animals eat.

**Craft and Writing:** We will be working on May evaluations soon! We will also have some papers that will help us review our letters and numbers.

**Concept:** We will begin these next two weeks with a review of several concept jobs on our concept shelves. We will also continue to work on the concept of place value. An estimation game will have the children guessing objects in a jar ranging from 11-30. We will look at all the animals at the zoo and where they live and what they eat.

**Motor:** We will be reviewing activities on our equipment and trying to get outside in the fresh air to play some games. Animal Action will be a movement activity done over the next two weeks.
