

Gardening

Week #5: 7/10- 7/14

Language Arts: There is so much to discover when working in the garden! We are definitely going to get our hands dirty this week as we plant seeds. We will learn the parts of flowers and what flowers need to grow. We will sing songs about the sun and rain. Role playing is a big part of Language. We are going to be pretending to be little seeds and grow into flowers while using our imaginations.

Craft and Writing: We are going to paint with flowers and leaves. The children will use seeds to make a sunflower. We may make paper plate flowers, fork flowers, and pom pom flowers.

Concept: We are going to plant, mix, and watch the seeds we attempt to grow this week. We will add counting jobs to the shelves using seeds as counters.

Notes to Parents:

- Don't forget to apply sunscreen in the morning upon your child's arrival.
- Swimsuits should be brought to school on Monday mornings. They will be sent home for washing at the end of the week.
- Never hesitate to call or email with any questions or concerns.
