

Summer Camp News

Weeks 7 and 8: July 24- August 4, 2023 Theme: Ocean

We will dive into the water for the last 2 weeks of summer camp, as the children learn about the ocean. Grab your bathing suits, goggles, snorkels, and flippers... it'll be an adventure!

Language Arts:

Books, songs, poems, and flannel boards will help introduce the children to things they would see in the ocean. Animals, plants, and forms of transportation will be only a few of the things the children are introduced to.

Concept:

The children will use the sand and water tables indoors, that will be filled with ocean creatures and sea shells. Themed counting, sorting, matching, and memory games will be played.

Motor:

The children will be pretending to swim as they move their arms and legs in ways they would in an ocean. We hope to have nice weather for our last 2 sprinkler days of the summer.

Craft and Writing:

The children will be using a variety of art materials to create theme based projects. Crayons, markers, paint, scissors, playdoh, and shaving cream, are only some of the things we'll be using.
