

Taste of Summer

July 24-August 4, 2023

Our tummies will be tickled this week learning all about a variety of foods. The children will use different types of foods to paint with, move like food through the veggie soup song and perform many cool science experiments using fruits, vegetables and even spaghetti. The children will also become "little chefs" as they prepare their very own healthy snack.

On Wednesday, August 2, Mrs. and Mrs. Castelli, owners of Frankie's Est.1988 in Tinley Park (Orazio's parents) will teach the children how to make pasta and meatballs!!!

Miss Angie from **Miss Angie's Music** will be back one more time on Friday, July 28 for some musical fun with the children!

Water Day - Wednesday , July 26. Have your child wear their bathing suit underneath their clothes.

Bike Day - Thursday, August 3. Please label all bikes and park them at the back of the fenced area.
