Weeks 1 and 2 August 14–25, 2023

Getting to Know You!

INTRODUCING: red, blue, Aa, Bb

HAPPY BIRTHDAY: Ethan H. 8/21!

LANGUAGE AND READING:

Welcome to the Junior room! We are excited to meet each one of you. We will be getting to know each other this week and learning where things are in the classroom. The children will learn the letter Aa and Bb along with the phonetic sounds and a word that starts with it. We will work very hard on using good manners, circle time and singing songs. We will also introduce “Taffy Apple” as we learn our reading stories.

MATH AND SCIENCE:

During Concept, the children will get to use “jobs” off the shelves to work on individually. We also work on graphing, patterning, estimating and the calendar in this room. Concept deals with more of the math and science activities.

CRAFT AND WRITING:

Our little artist will learn how to hold their writing utensils appropriately as they color, print and cut. When printing, we always start our letters and numbers at the top. We will work on Aa and Bb readiness papers. The children will also use red and blue on many of their papers.

PARENT NOTES:

Please send in school supplies.

Each child needs a recent picture for the birthday board.

Please send a sweater or sweatshirt with your child to school in case they get cold.

Never hesitate to call or email us with any questions or concerns.

Extra set of clothes will be left in the back pack in case of an accident.
