

Two's News

Sept. 25-29 Week 7

Topic: Fall

Language Arts: What a fun week we have in store! We will fill the week with all of our favorite songs, fingerplays and flannel board stories. Song include "Five Fall Leaves" and "Scarecrow, Scarecrow". We will also include our most beloved fingerplays "Five Little Monkeys" and "Brown Bear".

Concept: We have had the children counting from 1-10 every morning! We are excited to introduce numbers one and two this week! Counting games will be added to our shelf jobs. The introduction of numbers one and two will bring the addition of number buckets to the classroom. Everyone is sure to love our new one to one correspondence game that has the children feeding acorns to pretend squirrels. One to one correspondence is a very important math skill that will help the children better understand what numbers represent. Our Fall theme table is filled with items for the children to explore.

Craft and Writing: It's a review of colors this week! The children will have plenty of opportunity to color and paint. Fall pictures will be going home all week long. Pine cone painting a leaf and using real apples to paint an apple tree are a few of our projects this week.

Motor: The children will enjoy a new body parts review game as we place a leaf on our elbow, knee, shoulder, etc. Crawling through the tunnel and jumping over objects will also be taught.

*******Class begins promptly at 9:00, please do your best to have your child here on time.**

*******Please bring in a photo of your child/family enjoying the fall weather!**

What's New This Week

Bits of Intelligence: Insects

Introductions: 1 and 2

**We are closed on Oct. 9th for
annual staff training.**
