

# Two's News

October 16-20

Week 10

Theme: Just for Fun

**Bits of Intelligence:** Insects

**Introductions:** Triangle and Rectangle

**Manner:** Say "Thank you".

**Craft and Writing:** We will use our two new shapes triangle and rectangle to create fun pictures. This week the children will get pretty creative as they work with different art mediums.

**Language Arts:** It's a week of fun! Ms. Stephanie will have the children's fingers moving as they pretend to be "Five Little Monkeys" teasing Mr. Crocodile. Five Little Ducks and Five Green and Speckled Frogs are two fun, favorite songs and fingerplays for this fun-filled week. We're Going on a Bear Hunt and Itsy Bitsy Spider are two of the children's most loved songs that will fill the classroom this week. We can't forget the kitchen toy area, an all-time favorite with the Two's class!

**Concept:** Ms. Leah will introduce two new shapes to our shape sorter, triangle and rectangle. Block play will help us better understand these new concepts as the children attempt to build those new shapes. The children will have loads of fun building haunted houses out of circles, squares, triangles and rectangles. Ms. Leah also has a few one to one correspondence activities.

**Motor:** We love the fresh Fall air! Running outside and ball play will be our motor activities this week. The children have really been enjoying our morning dance routine. Dancing helps us to shake those sillies out!

**This Little Cutie is Turning 3!!**
