Weeks 16 & 17 November 27–December 8, 2023

Family and Celebrations Around the World

INTRODUCING: None

LANGUAGE AND READING:

We will be starting Guided Reading with the children that are ready. A book bag will come home Monday—Thursday that will need to be returned every day. Please practice daily with your child. We will continue to work on word families.

We will learn and discuss different holiday celebrations held around the world in various countries.

MATH AND SCIENCE CONCEPT:

The children are going to continue to work on fractions and telling time by the hour. We will count by 2's, 5's and 10's. We will discuss the month of December and how the weather is starting to change. We will also prepare the children for the new season. If time prevails, we will have a science experiment about hot chocolate and sink and float.

CRAFT AND WRITING:

For the next 2 weeks, the children will work hard on their printing skills. They will practice their numbers and letters by always starting them at the top.

The children will be writing in their journals.

We will work on projects, crafts and holiday gifts.

PARENT NOTES:

Please double check your child's extra clothes bag to make sure they have long sleeves and pants.

Please check and empty your child's folder daily.

Don't forget to check the December newsletter on our website.
