

# Two's News

Week 17      Dec. 4-8    Theme: Getting Ready for Winter

## Bits of Intelligence: Birds

**Craft and Writing:** Mrs. Nicole has many fun projects planned for this week. The children will be reviewing all concepts. Painting and using glue are two favorite activities that the children love. A snowman and snowflakes will be created. Hot cocoa painting is sure to “warm” us up! A heart “warming” craft will begin our week.

**Language Arts:** Ms. Stephanie is getting so excited for Winter. Our fingerplays for the week include “Put Your Mittens On” and “Snowflakes”. We will also use our snowmen stick puppets to sing “I’m A Friendly Snowman” and “Five Little Snowmen” flannel board stories. We will end the week singing Christmas songs with jingle bells.

**Concept:** Ms. Leah is ready for some chilly weather fun! This week the children will build a snowman using size seriation. We will sort through items that are used for warm weather and cold weather. We will put our listening skills to the test by following directions to build a color patterned tower. We will end the week by going a nature walk to find winter items we can add to our science table. We will also have tons of fun using ice in our water table.

**Reminder:** Grab bag fee is \$5.00

**Happy Birthday to Max Heuer 12/01**

*Let it snow*
