**CRAFT AND WRITING:** The letters Kk and Ll will be introduced with tracing papers and the colors purple and brown will be used in our craft activities this week. Fine motor skills are developed as we trace our names and practice using scissors. The children will also be working on matching and coloring papers to help reinforce our theme of Community Helpers.

**CONCEPT:** The colors brown and purple and the letters Kk and Ll are added to the shelves this week. If we have snow available, we will bring some in and play with it at the water table. Please make sure your child has a pair of gloves that they can wear for this activity. The children will also be working on positional words; *on, in, over, under, up, down, next to, between, in front, behind, and inside*. We will continue to work on our numbers with rote counting 1-20 and playing number B-I-N-G-O.

**MOTOR:** The children will be using the stair steps and balance beam in an obstacle course. Our daily exercising will have a few new moves added this week.
