Week 23 January 15—19, 2024

Healthy Children

INTRODUCING: Manner # 9 Say, "sorry".
Manner #10 Do not cut into line.

LANGUAGE:

Being healthy and keeping our bodies strong is very important. Throughout this week, our class will discuss healthy eating, good hygiene, and ways to prevent germs from spreading. We will use flannel boards and fingerplays to help with this topic. We will use our picture files to see healthy pictures of fruits and vegetables. Lastly, we have a great germ book to read and we will role play proper handwashing skills.

CONCEPT:

Using pictures of healthy and unhealthy food, the children will get to sort and graph their findings. During science, we will have fun balancing objects to see which is heavier. We will use estimation to guess. The children will work off the concept shelves daily and continue to work with the calendar.

CRAFT AND WRITING:

Our students will be busy working on their paper work throughout the week. They will work on tracing their names, numbers, letters, and shapes. We have some art projects to complete as the children paint with tooth brushes!

PARENT NOTES:

Star Student:
Finnleigh

Happy birthday to Gianni and Ryane! They will both turn 4 this week.

We will discuss Dr. Martin Luther King on Monday. We are open.

We will occasionally go outside this winter. Please make sure that your child is prepared daily with the appropriate winter gear.

Don't forget to register for Summer Camp and the Fall school year.
