Weeks 25 January 29—Feb. 2, 2024

Healthy Children

INTRODUCING: heart
star

LANGUAGE:

Did you know that every day when your child arrives to school, they wash their hands? We make sure we provide a clean and safe environment for everyone. **We have many songs to sing and stories to read regarding being healthy! We will teach the children all about healthy food to eat and proper hygiene. The children will get to role play being doctors and nurses. Lastly, we will enjoy a fun “germ” book.**

CONCEPT:

During concept, the children will do an experiment using water, soap and pepper. We will demonstrate how soap (pepper) chases the germs away. We will also work off the shelves. The children will sort good food vs. bad food. We will go over hand washing rules and practice every day on how to wash hands properly.

CRAFT AND WRITING:

The children will enjoy doing some collage art this week. The readiness papers for star and heart will be done. We will have some crafts to enjoy on our topic of healthy children and for Ground Hog day. We have really started to notice that the children are coloring much neater. We are very proud of them!

PARENT NOTES:

Do not forget to register for Summer Camp and the Fall 2024-25 school year by Feb. 15 to receive 50% off the Fall registration.

We will celebrate Ground Hog day on Friday, February 2. Hopefully, spring will come sooner!
