

JUNIOR JOURNAL

Bobbie Noonan's Child Care

Jan. 22-26

Week 24

Topic: Community and Careers

Concept

The children will count from 1-30 this week. Ms. Sam will also introduce positional words such as on, under, in between, over, etc. During our science discussion we will continue talking about the weather, ice and snow.

Motor

The teachers will introduce a new game called Musical Shape Freeze. She will lay different shapes on the floor and will ask the children to walk around them to the beat of the music. When the music stops the children will tell her what shape they are standing on.

Craft & Writing

Ms. Cheryl will continue talking about different careers and what they do. Our two new letters Mm and Nn will be introduced through our readiness papers.

Language Arts

Our discussion about careers extends through this week. This week we will talk about the tools people use to do their jobs. Our new vocabulary words will help introduce our new letters Mm and Nn.

Special points of interest:

- *Registration is now open to all currently enrolled students for Summer and Fall 2024.*
- *1/2 price Registration for Fall. Register by Feb. 15h.*

SAVE MONEY!
