

Toddler Times

Jan. 22-26 Week 24 Theme: Dinosaurs

Introduce: Triangle

Our Toddler friends are absolutely loving all of our dinosaur activities, songs and play! We'll continue the fun as we stomp around the room acting like little dinos. The children are enjoying a pretend play song where we act like sleeping dinosaurs that wake up and ROAR. An educational song called "That's Prehistoric" is teaching our little tots all sorts of interesting facts about dinosaurs. I'm A Dirty Dinosaur will be read during circle time throughout the week to go along with our sensory play. The Dino Pokey will conclude our circle time and get us up and moving. A shape stomp review game will reinforce our shapes circle, square and triangle.. During art class the children will paint our new shape the square. A shape dinosaur will be made out of construction paper for a special Picasso-like craft. A silly "Hand-a-saurus" from a hand print will also be made. The children will make dino prints in our homemade cloud dough. They'll stomp, squelch and squirch!
