

Junior Journal

Theme:

Transportation

Week 25

Jan. 29-Feb. 2

Craft & Writing

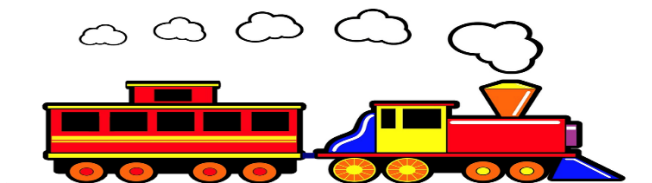

Ms. Cheryl will reinforce colors and will work on cutting practice with the children. The children will use watercolor paint and markers on their papers this week. Watch for a transportation craft to arrive home soon.

Language Arts

Ready, Set, Go!!! This week we will discuss many ways to get around. Flannel board stories and fingerplays will be enjoyed, some of which include "The Wheels on the Bus" and "The Airplane". Feel free to bring in any pictures of transportation that you would like to share for our theme table.

Concept

Mrs. Christine will introduce the concept of sink and float. We will experiment with several items, investigating which items sink and which float. We will compare and contrast the differences between a vacuum and a broom. The children will work on patterning activities this week.

Motor

The children will engage in activities dealing with traveling. To get in the traveling mood we will play transportation musical chairs.

Our new shapes, as well as old, will be reviewed. Our path activity will include hula-hoops, balance beam, the ball and wand and the tunnel.

Introductions

Expressive Vocabulary

Observe - to see or notice
Omit - to leave out

Bits of Intelligence: Mammals

Action Words: Come & Go

Romeo Sinople 2/1
Rosara Wahlgren 2/3
