

## Lockport Kindergarten News

Week #30 Dr. Seuss

March 4—8, 2024

**INTRODUCING:** comparing numbers

**REVIEW:** digraphs, CVC words, build a sentence

### LANGUAGE AND READING:

This week will be a fun one indeed! Who doesn't love Dr. Seuss and his silly books. There are many activities that we will be doing with this subject. The children will create truffula trees with word families and review blends and digraphs with green eggs and ham. Also, Dr. Seuss is known for his rhyming stories so we will brush up on rhyming words as well.

### MATH AND SCIENCE CONCEPT:

During math, we will be comparing greater than and less than using fish. We will enjoy a patterning activity with Cat in the Hat. We will also do some STEAM activities such as building truffula trees and building hats for the Cat in the Hat.

For science, we will be making oobleck!!

### CRAFT AND WRITING:

We are going to write a short sentence on what we like instead of green eggs and ham. After we listen to the story Places We Would Go, we will do a balloon craft. Last but not least, the children will write about a pet they would like to get.

### PARENT NOTES:

Leprechaun traps are due on March 15.

Don't forget to sign up for Soccer Shots. If you are interested, the sign up form is by the sign in sheets in the foyer.

No classes for kindergarten the week of March 25—29.
