

Junior Journal

Feb. 5th-9th

Week 26

Theme:
Transportation/
Valentine's Day

Introductions: pink, white, gray, heart, star

Bits of Intelligence: Mammals

Save now! Time to register for summer for summer!!!

Concept: Brummmmmmm....I hear cars and trucks driving all over our transportation mat. A new game will be introduced using the number line. Ms. Sam will cover a number and the children will have to guess which one she is covering. We will work on positional words with a car as it drives "in a bowl", "next to a block", "in between" two blocks and more.

Craft and Writing: Our readiness papers will focus on our 3 new colors and 2 new shapes. A "lovely" valentine craft is on the agenda as well.

Language Arts: Ms. Jen will continue discussing transportation and the different working machines such as construction vehicles. A riddle game will keep the chids guessing when Ms. Jen describes different types of transportation for the kids to figure out. We will also learn new fingerplays and songs for Valentine's Day such as....

My Friend

(tune: Mary Had a Little Lamb)

You're a special friend of mine, friend of mine,
friend of mine.

You're a special friend of mine, be my
Valentine!!!

Motor: The teachers will have little feet very busy as we try to stay on the balance beam talking both forwards and backwards. Just to add a degree of difficulty, they will have the children practice keeping their balance while bending to pick up objects placed on the beam. The rocking boat will add to the fun!

Parent Information

Our Valentine Party will be held on Wednesday February 14th. Your child attends on these days they are welcome to send valentine cards (10 per child). We ask that you address each valentine to "friend".

Thank you.

Parent Teacher Conferences
Monday and Tuesday February 19th & 20th

Happy Birthday
Mikey
